To know your VW is to love it.

Your new Volkswagen has a lot of great features, but sometimes it takes a little while to get to know them all. Not exactly sure how something works? Wondering if that beep you keep hearing is a good thing or not?

No worries. Just bring in your 2009 model-year or newer vehicle for your Courtesy Vehicle Check during the first 90 days or 6,000 miles, whichever comes first, and we'll be happy to walk you through any of your vehicle's features that you need help with and answer any of your questions. For more information about your no-charge Courtesy Vehicle Check, please contact your dealer.

You're good to go.

Great news. Your Volkswagen has completed the Courtesy Vehicle Check and is ready to get back on the road. Enjoy!

See you farther on down the road.

Of course you're always welcome to visit. But another benefit of owning a Volkswagen is that the maintenance intervals are fewer and farther between than most cars. With the exception of the Routan, all VW vehicles use synthetic oil—allowing you to go farther between oil changes. Kiss the days of 5K miles between oil changes goodbye. And while it's unfortunate that we don't get to see each other as often as we'd like, the good news is that you'll save money and have more time to do the things you really want to do. Like driving.
